**42nd Design Automation Conference to Feature 60 New Exhibitors**

**BOULDER, Colo.** – May 26, 2005 – The 42<sup>nd</sup> Design Automation Conference (DAC), the electronic design automation (EDA) industry’s premier event, will feature 60 companies exhibiting for the first time. Held June 13-17, 2005 at the Anaheim Convention Center, Anaheim, Calif., DAC will host a total of 240 exhibitors scheduled to showcase their innovative design tools, services, and technology alongside more than a dozen DAC Pavilion panels.

“It is exciting to see so many companies exhibiting at the conference for the first-time. Each year the industry looks forward to seeing what new innovations DAC exhibitors have to offer,” said Bill Joyner, 42nd DAC general chair. “The strength of this year’s exhibitors ensures that DAC’s exhibit floor will continue to be a dynamic, valuable gathering place for the global design community.”

DAC exhibit hours will be 9:00 a.m. to 6:00 p.m. Monday, June 13 through Wednesday, June 15 and 9:00 a.m. to 1:00 p.m. Thursday, June 16. For information regarding DAC, visit the Web site at <http://www.dac.com>.

### **About DAC**

DAC is the annual event where the electronics design community meets for a week-long forum of information exchange on management practices, products, methodologies and processes. Attended by more than 10,500 developers, designers, researchers, managers and engineers from leading electronics companies and universities worldwide, it offers a robust technical program covering the industry's hottest trends. Its vibrant exhibit floor includes more than 235 companies, many of whom are startups just introducing their first products. The conference is sponsored by the Association for Computing Machinery's Special Interest Group on Design Automation (ACM/SIGDA), the Circuits and Systems Society and Computer Aided Network Design Technical Committee of the Institute of Electrical and Electronics Engineers (IEEE/CASS/CANDE) and the Electronic Design Automation Consortium (EDA Consortium). More details about DAC are found at: [www.dac.com](http://www.dac.com).
